

BusinessLine XD-pro

Part-No.: 088529-01

Logo options / Colour options

The BusinessLine XD-pro is another monaural product variant of the BusinessLine-Series. The variant-feature of the Pro-headsets is the remarkably decreased gooseneck. The novelty is the newly developed microphone receiver. Though the microphone is not positioned in front of the mouth, it features a NC (Noise Cancelling) Microphone. This shorter gooseneck microphone provides communication with usual NC-quality.

By standard, this-Headset will be equipped with a noise cancelling NC-Microphone with short gooseneck. Upon request, we alternatively provide an omni-directional microphone. Like the whole BusinessLine series, you can individually customize this headset by choosing a certain colour for some plastic parts and have your brand logo or slogan printed on the speakers.

The AK1 computer connection cable makes this headset ready for VoIP-telephony. Either use the AK1-USB cable (for USB-connection) or the AK1-SC (for the soundcard) and link it with the QD (Quick Disconnect) plug on the headset.

Thanks to valuable acoustic components, suitable for wideband-frequencies, the headset provides a high hear-/talk quality.

Technical data:

Microphone:

Pattern:	electret
Directional:	noise cancelling (NC)
Impedance:	1100 Ohm
Sensitivity:	-51 dB V / Pa, 1 kHz
Frequency:	60 Hz – 8 kHz

Speaker:

Pattern:	dynamic
Impedance:	150 Ohm 1 mW / 1 kHz
Sound pressure level:	max. 91 dB
Frequency:	60 Hz – 8 kHz

Additional data:

Temperature range:	-20°C to +70°C
Weight:	79 g
