

## BusinessLine XSN

Artikel-Nr.: 0875xx-xx

Professional use in Call Center / Office

The BusinessLine XSN is a lightweight monaural neck holder headset. The neckband is pressure free, most durable and flexible and is especially developed for the professional use in call centres. The earpiece is turnable and hinged on the right side. Completed by a replaceable leatherette ear cushion, this neck holder set provides a most convenient alternative to a standard headset.

The BusinessLine XSN offers Acoustic-Shock-Protection (ASP). This funktion shields the ear from increased noise levels. A raised edge, located on the top side of the microphone marks its position and allows both, accurate direction and optimum noise compensation.

The AK1 computer connection cable makes this headset ready for VoIP-telephony. Either use the AK1-USB cable (for USB-connection) or the AK1-SC (for the soundcard) and link it with the QD (Quick Disconnect) plug on the headset.

### Technical data:

#### **Microphone:**

Pattern:	electret
Directional:	Noise Cancelling (NC)
Impedance:	1100 Ohm
Sensitivity:	-41 dB V / Pa, 1 kHz
Frequency:	100 Hz – 10 kHz

#### **Speaker:**

Pattern:	dynamic
Impedance:	150 Ohm at 1 mW / 1 kHz
Sound pressure level:	max. 117 dB
Frequency:	100 Hz – 8 kHz

#### **Additional data:**

Temperature:	-20°C to 70°C
Weight:	44 g
