

PTT-D

Part-No.: 0110010

Send button PTT-8

The PTT-D is a binaural headset, equipped with a dynamic microphone. The microphone can be turned by 240°. That way it is to wear either on the right or the left hand side. The large send button PTT-8 is equipped with a cloth clip to enable operation also beneath working clothes.

The large and send button PTT-8 is easy to operate, even in rather difficult working conditions. The robust housing offers sufficient space for electronic adaptation to almost any kind of analogue or digital radio set. This headset is robust build and most suitable for environments with medium noise levels. Due to the soft cushioning of the hearing capsules, this headset provides high wearing comfort for hours. This headset is most suitable for cameramen, wearing it during long-lasting shootings.
